

## Presentation Solution Like Never Seen Before

TecPodium Prime is a breakthrough audio-visual lectern. It has every multimedia capability built-in and is managed through one simple control panel.

Complete solution at a touch of a button – just a few keys, with icons that transcend language, are in place to control every AV device, sound and even house lights.

The multi-touch screen offers extended educational tools for the modern classroom and training environments and fully supports inking features, allowing direct, on the fly annotation capabilities.

TecPodium, with its streamlined, contemporary lectern design offers an innovative, unique, fully integrated and, most importantly, easy to use presentation solution to every size and type of hall.

Tecom is a leading manufacturer of classroom multi-media podiums and AV lecterns and can accommodate your different needs of any room in your facility.

**TecPodium Prime is an “out-of-the-box” solution, easy to install and use.**

**TecPodium Lecterns have been installed worldwide in some of the best schools and universities, colleges, corporate, military, civic training centers and are up and running for over 20 years while receiving great reviews from instructors and student’s alike for ease of use and remarkable durability.**

**Reliability, ease of use and effectiveness has made TecPodium a desirable presentation solution.**
